Dear Parents, Carers and Children,

Another busy week over and plenty to smile about and celebrate. Year 5 and 6 returned to class on Monday full of stories about their adventures in London and other year groups are now getting excited with their residential fast approaching. Monday also saw the Student Council gain further recognition of their success achieving a silver PADL (Promoting Active Democracy Loudly) which they will be travelling to County Hall to receive today. They have been very active this year, with excellent facilitation from Mrs Drelinga, and will soon be receiving quotes for the next wave of development in the climbing area.

On Tuesday Year 5 and 6 all had a fantastic time and many managed to get to their feet atop a wave during their surf day with Global Boarders and Godrevy Class were equally committed in their endeavours in the white stuff during their 'Hit the Surf' day on Wednesday. We are aware that many children are now considering taking up body boarding and/or surfing and we will be looking in to running another surf club in September.

Wednesday was also race day for the Goblin Car team and they had an amazingly successful day at Newquay Airport. In total they returned to school with 4 trophies: The participation award, Best Bodywork, Second place in the sprint race and probably most impressive of all The Spirit of Greenpower Award. Considering there were 51 cars taking part in the competition, this was an awesome achievement and very special thanks must go to Tom Rowan who has run the club so brilliantly for the last 10 or more years – most of that voluntarily. We are so pleased that the team had such a triumph for his sake as unfortunately this is the last year that Tom can run the club. We are looking for a new person to take on the role (on a paid basis) and if you are interested please make arrangements to come and meet with me. Tom also used to run the school's guitar club and as we have a school set of guitars it would also be good to restart this (again on a paid basis) if anyone has the necessary skills or knows someone that does.

Finally, on the theme of success, yesterday was our third Olympics themed Sports Day and it went better than ever. The key to its success was the enthusiasm with which the children took part and the fantastic sportsmanship that each and every one demonstrated. There were some nail biting races with some brilliant athletic performances but as always it was the support for those who showed the grit and determination to finish whatever the outcome that stood out most. As with London last week it reminded me of how well our children look out for each other and this coupled with the wonderful support from an impressive audience showed what a strong community we are. I will also take time to thank all staff for being such 'good sports' with their cameo parts in some races and to Mrs Kent and Mrs B for the unenviable position of managing the results.

So we have all moved one week closer to our shared finish line of the end of term and there is still so much to fit in. Most year groups still have their residential to look forward to and if you were unable to attend briefing meetings please arrange to meet with me if you have any concerns. There are also outcome days to look forward to and of course the Summer Fayre and the production which always tend to bring the term to a happy end. Next week please don't forget that we have an open afternoon on Monday and I would urge all of you to attend especially for the presentation at the end of the day as we have specialists in internet safety coming in to school to give advice on how to keep your children safe in a time when it feels almost impossible to keep up with the changes in technology. It is a danger that is a massive concern to us as teachers and I know from speaking to some of you that these worries are shared by yourselves so hopefully we will see you then and we will be able to work together to safeguard the children of this community. Until then have a great weekend; the good weather looks set to continue so it shouldn't be difficult – have fun.

Mr Gardiner

### Another 24—from Diane Symons

As you are all getting so good at this we have decided to make things more challenging by including problems with 2 digits in them. The rules are still the same you must use all 4 numbers but you can only use each one once.

There is at least 1 solution can you find more?
