Dear Parents, Carers and Children,

What a beautiful week we have had; it is almost as if summer has returned. As a result, Poldhu had a wonderful time at Godolphin House yesterday and had stimulation for all the senses; exploring the barefoot trail and testing their olfactory powers in the herb garden. Rinsey were also getting hands on with greenery, helping plant the herbaceous border at the new Reawla park. The park will soon be open to the public and should provide an excellent resource for the community. Rinsey have also been exploring the power of cogs and seating their own toys with moving mechanisms and Kynance have been creating similar moving parts for the castles that they are building inspired by their visit to Pendennis.

Meanwhile in Godrevy Class, Mrs Drelinga was the guest chef for the week and brought some of the flavours of Russian cuisine to the class. As with previous weeks we had fantastic support from parents with Peter offering his professional background in the kitchen to support and Vicky rolling her sleeves up to help with the unenviable task of washing up. I was invited to sample the dishes they concocted and loved the herring salad as did several of the children which surprised me. However, I wasn't surprised to see all of them devour the desert with gusto as it was certainly one for those with a sweet tooth.

Any parents/relatives wishing to sample some of our own cuisine are welcome to join their children for adult and child lunch day on the Wednesday 10th October. Pippa and Claire do a fantastic roast on Wednesdays so you couldn't pick a better day to join us – please return letters to Mrs B as soon as possible so we have an idea of numbers. Next week we will also be distributing some sample letters to support our quest to get a car park that you could use as templates for us to send to the County Council. Our chair of governors, Cathy Woolcock, has created the letters and if you could return them with your signature or compose your own and bring to the office we would be most grateful - we know how difficult it is for all of you at the start and end of the day and the more letters we can send the more likely we are to make the council take action.

The car park would be a fantastic change for the school but we cannot move ahead without the funding. However, things are moving ahead with the development of the outdoor grounds and we have had tree surgeons in to give us quotes this week so we can begin developing other areas. Mrs Tate's John Muir Club have also made the first tentative steps into our very own nature reserve which runs alongside the school. We are going to keep an update of all these developments on the website under the Outdoor Learning tab so please keep checking on it to see how things are progressing. One of the reasons we are able to keep developing the outside area whilst we wait for the outcome of an important bid is that Janine successfully managed to secure £1000 of funding from the Tesco's 'Bags of Help' scheme so many thanks to her.

Right, I will need to sign off as I have many keen runners raring to get their running shoes on to go and compete at Camborne. It looks like being a bright afternoon so it will make a very pleasant end to the week. I know they will represent the school in the same exemplary fashion that our budding kickboxers did at their 'Touchgloves' session on Wednesday and I will let you know how they got on next week. Enjoy your weekend whatever you do.

As you are all getting so good at this we have decided to make things more challenging by including problems with 2 digits in them. The rules are still the same you must use all 4 numbers but you can only use each one once.

There is at least 1 solution can you find more?
