Newsletter

Dear Parents, Carers and Children,

I will, for once, be very brief as I feel I have written to you too often already this week. If you haven't had time to read the letters regarding home education (2 from me and 1 from the Poldhu team) please do as we really want to do the best to support you over the coming period. Today was a sad one for all of us; as excited as we are about trying this new approach to learning there is no denying that we will soon be missing our school, our grounds and most of all our community.

We will try our very best to keep that community spirit alive through the home school contact but just as an elbow poke is no match for a handshake or a cuddle, neither will our virtual classroom be a match for the real ones in school. With this in mind, do remember that we have three classes that you are very welcome to continue using: Crenver Grove, Godrevy Beach and Gwithian Nature Reserve. Obviously, you will need to consider 'social distancing' protocols but there is plenty of space at each site and fresh air might not be a cure for Coronavirus but it is of immeasurable benefit for physical, spiritual and emotional well-being. Many of the remaining members of Godrevy and Kynance Class went to the beach today with Miss Shaw and came back glowing so it was a good farewell for now for us.

We are going to miss taking a class Outdoor Learning every week and most saddening of all is that we will not be able to share the enhancements to the grounds as early as we would have liked. However, they're not going anywhere and neither are we so keep in touch, continue to take pride in your learning and send us your efforts so that we can connect with you across the divide and rest assured that as soon as we can have you all back we will do so. Assembly on Monday will be on Seesaw by 8.30am which you will be able to view at any time convenient for you so I will see you then and look forward to hearing from you all. Have a lovely weekend.

Mr Gardiner
